NATIONAL ARCHIVES AND RECORDS SERVICE
GENERAL SERVICES ADMINISTRATION**

Washington: 1964

INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

RECORD OF EVENTS.

The command started from Memphis under command of Brig Genl Grierson Dec 21st 64. Marching through Miss. On Dec 28 engaged the enemy at Egypt Station. We captured 2 Field Officers 9 Line Officers and 600 Infantry. Our loss was three officers and 76 men killed and 77 wounded. Thirty-nine of which we were obliged to leave in the field, for want of conveyance. The command marched through to Vicksburg making a distance of 400 miles in 16 days. The amount of damage done the enemy in this raid was enormous: having destroyed depots & numerous stores (containing supplies for Hood's Army) railroads locomotives and cars and an immense amount of arms and ammunition.

CAPTION OF ROLL

Of Captain E. W. Hedges'
Company (A), in the 2nd Regiment of
New Jersey Volunteers, commanded by Colonel
Saml. S. Buck

called into the service of the United States by the
President, at
Trenton N. J.

(the place of general rendezvous,) on the 22d day of
May, 1861, to serve for the term of three
years, from the date of enrollment, unless sooner
discharged; from the 22d day of May, 1861,
(when mustered in.) to the 2d day of
June, 1864, when mustered out

The company was organized by Captain James
Chisholm, at
Elizabeth N. J.

in the month of May, 1861, and marched
thence, to Trenton N. J.,
where it arrived the 22d of May 1864,
a distance of 49 miles.

Near Harrison Landing, Va. -

RECORD OF EVENTS

About noon of Thursday June 27th
Left the encampment on the Chickahominy
in front of Red Bank crossed the stream at Ford
Henry bridge and proceeded to Harrison Landing our po-
sition had scarcely been assigned number we en-
gaged the enemy with our rifles; the fight lasted
nearly 2 hours during which time my company
acted with considerable coolness and valor
the list of killed and wounded below will testify
to the Reg't's presence in the thickest of the fight. After
the battle we returned to camp on Chickahominy
remained there until the morning of the 28th
on the night of 28th marched to Bridge Station
had a good breakfast and again took up the
line of march for Station. In the evening
one night & the morning of the 29th (Monday) passed
the woods on the left of the line of battle
on the evening were ordered to the support of
the 1st Division were placed on the same
side or at least very active part in the engagement.

James -

MAR. 15.

16586576

1892.

although under fire. Midnight moved to
McLean Hill, left the hill at 10 1/2 a.m. halted
3 miles from the hill; were stationed in the
woods, threw up breastworks and prepared
to meet the enemy. At midnight again of
July 1 took up the line of march for Har-
rison's Landing or James River arrived
there on the morning of July 21. The whole
distance traversed from Camp on Chickahominy
to our present encampment - about 20
miles. It is proper to add that my Regt
went into the field of action 615 strong.

of the Army over the Bridges,
which duty it accomplished.
It crossed rapidly at about
4. A. M. of the 15th & went
into camp near White
Oak Church, Va.

On the 20th of Jan'y. march-
ed from camp with the
rest of the army for the pur-
pose of crossing the river again
& when that purpose was
frustrated by the storm, re-
turned to former camp. On
the 26th Jan'y., having been
employed in the interval
of assisting to bring back
the pontoons.

In Camp the rest of
the months of January &
February, engaged in
ordinary duties Picket,
Fatigue &c.
